LETTER TO DELEGATES, INVITED OBSERVERS,
RESPONSIBLE PERSONS OF DELEGATIONS, EC AND STAFF MEMBERS OF IMU

Dear Delegates, Invited Observers, Responsible Persons of Delegations, EC and Staff Members of IMU:

Following the instructions of the EC of IMU the final program of the General Assembly has been modified. Therefore I remark you that the social events (concert, gala dinner) have been moved to Sunday 20 and the guided visit to the old town of Santiago is now on Saturday 19. The program for accompanying persons is not modified at all. You can find all the updated information in our webpage <http://www.usc.es/imu2006> and in the pdf file "Guide_GA_IMU_2006" which is on the same web and also attached to this e-mail.

I recall you that the Local Organizing Committee has appointed the agency VIAJES ATLANTICO (e-mail: incoming@atlanticocongresos.com) to handle reservations for accommodations, transfers and tourist tours for Assembly delegates and accompanying persons. Please contact the agency before July 15, 2006, for all questions concerning your trip, accommodations and transfer from Santiago to the ICM 2006 (Madrid). In particular, all of you should send them the "Accommodation Form" (see <http://www.usc.es/imu2006>) informing us about your venue and your travel plan, even if you do not use the service accommodation recommended.

I remark you that lunches, concert, gala dinner, guided visits and transfer by bus to Madrid are free for all participants. For accompanying persons only the concert and the guided visits are free. They should pay 60 € for the gala dinner and 60 € for the bus transfer to Madrid (lunch included), in case they are interested in. Please check once more that you have correctly filled in your accommodation form. For making changes, please send an e-mail to VIAJES ATLANTICO (incoming@atlanticocongresos.com).

If you need an invitation letter to visa arrangements please send an e-mail to Prof. J. J. Nieto (amnieto@usc.es), with your complete address and for other specific problems you may contact me (maviano@usc.es).

The Local Organizing Committee is working arduously in order that the General Assembly constitutes a success both from the scientific and cultural interchange points of view.

Looking forward to seeing you in Santiago,

Most sincerely,

Juan M. Víaño
Chairman of the Local Organizing Committee
Dean of the Faculty of Mathematics
University of Santiago de Compostela, Spain.
